PDi
Communication Systems, Inc

Connecting Healthcare with Innovative Solutions and Satisfaction™ since 1980

At PDi, we know the importance of the patient and senior resident experience. The PDi medTV solutions offer a modern, hassle-free system that patients love.

With PDi, you get more than just great TV. As the most trusted leader in manufacturing personal patient televisions since 1980, design/supply of large-screen smart hospital TVs, and a major supplier to leading Interactive Patient Software and telehealth companies, PDi televisions provide millions of hours of entertainment, education, and connectivity to hundreds of thousands of patients and senior living residents every day. Trust PDi, the largest TV maker in the USA, with displays from 14" touch screens to 55" large-screen HDTVs, all built for stringent healthcare safety and disinfection requirements.

Focused only on healthcare, we are your partner for future-proof hardware and custom solutions. With PDi ProServices, we bring the installation & technical support you need to answer your questions. We are with you every step of the way. You can rely on us to help with everything from understanding what your facility needs for new construction, renovations or replacement TVs, through after-sale service and support.

Our mission is to help patients, their families and healthcare and wellness providers cope with the anxiety and boredom of treatment & improve the experience with entertainment and information.

We believe the key to doing this is a great product designed, built and serviced by great people. Our employees have made the difference in setting us apart over the past 40 years. We have a dedicated team of engineers, service technicians and production experts who are focused on doing what is right. When you call, we answer the phone. Call today and allow us to help you too!
