THE FUTURE IS HERE

## THE EASY WAY TO MANAGE HOSPITAL TV CONTENT

Internet Protocol Television (IPTV) is not just Over-the-Top streaming services. This is a new way of distributing and managing any signal sources to your patient televisions.

### Reduce Operating Expenses

Save time! No need to amplify and balance signals.

### Simple and Clean Set-Up

PDi TVs have a built-in IPTV Player. Run cables longer distances in HD.

### Remote Management System

Easy network security and maintenance updates
