

Better solutions are within reach[®]

TRANSFORM THE PATIENT EXPERIENCE

Create an interactive environment centered around the patient. A personal arm-mounted TV or medTAB touchscreen system brings comfort, entertainment and connectivity to the patient's bedside.

REDUCE BACK, NECK AND EYE STRAIN

With a light touch, patients can lift, swing, tilt, or rotate their display to the most comfortable viewing angle.

STABILITY AND SECURITY

Your technology investment is secure. Arm-mounted displays deter theft and eliminate the risk of damage from devices being dropped.

INTELLIGENT CABLE MANAGEMENT

Make the patient room a clean, cable free zone. Power cords, ethernet cables, coax and more are out-of-sight within the arm for continuous power

"...severe headaches made it difficult for my father to wear his glasses, but the TV swing arm allowed him to pull the television close and alleviate his boredom between visits from family and friends."

**CANCER
CENTERS**

We have an arm for that.

Since 1980, Ohio-based PDi Communication Systems, Inc (PDi) designs, manufactures and builds more healthcare-grade, arm mounted bedside systems than anyone in the industry. PDi's innovative designs allow arms to be mounted to headwalls, counters, floors, ceilings, chairs, and more. PDi bedside systems include UL-Listed medTV and medTAB products, in addition to low-voltage power supply products and accessories.

PDi delivers engineering expertise to your project plans to ensure the right system that works in every unique patient environment. Ask about PDi ProServices to help create the patient experience you need. We are with you every step of the way.

68" Reach

1400 Series

INTELLIGENT CABLE MANAGEMENT

Changing cables in the 1400 Series arm is a snap. There's no need to remove the arm from the wall to replace cables. Simply adjust cables by removing the plastic shields, make your changes and re-insert the shields.

FEATURES:

- UL Listed and HCAi (OSHDPD)
- Nitrogen Cylinder-Based Lift Design
- Anti-Recoil Design with Safety Pin
- Swivel Safety Features
- Removable Cable Shields
- Antimicrobial Coating
- Base Pin Mount
- Accommodates Up to 5 cables
